Healing Made Easy Level #2

The contents of this course expose a sad reality, I also know what it feels like to have supernatural experiences while knowing what God's will was for people around me—but not seeing it done. Not just because most people are stubborn and rebellious and allow the devil to use them as human roadblocks, but also because others (who need healing) want the blessings of God (like king Saul) but they don't want to do the will of God. So they take out their sinful frustrations on those who want to do God's will; the same way Cain killed his brother Able.

Dr. Kevin Zadai was also right when he spoke about people having trouble receiving from God because they had problems receiving from their fathers when they were younger. My parents used to tell me that they couldn't afford things, so I asked The Lord Jesus to go back in time for me and bless my parents with plenty of provisions so that I heard "yes" instead of excuses for not being able to afford things. Afterward I was able to receive from God The Father miracles in my life, because Jesus redeemed my timeline for me.

Concerning the topic of how politicians are cycled out of office through elections so that government corruption can be avoided, I agree that the same thing should be done with pastors and leaders over church congregations. My church was founded by a cessationist over twenty years ago, and since then, that cessation spirit got into leadership and started manipulating circumstances to persecute prophets and apostles whenever God sent them into that church. Then

the prophets and apostles got hurt and persecuted by the christian witches, which caused those people of God to give up on that church and eventually left it all behind. Let The Lord judge between the leadership of that church and the prophets and apostles—and let God avenge them, and vindicate them, in Jesus' name. Amen. Because The Apostle Peter said:

“For the time [is come] that judgment must begin at the house of God...”
